This corrects the article [Management of Naso-Orbito-Ethmoid Fractures: A 10-Year Review](#).

In the article entitled “Management of Naso-Orbito-Ethmoid Fractures: A 10-Year Review” published in issue 3, vol. 22: e29230 of *Trauma Monthly* (1), the sentence at the end of the caption of Figure 2 is incorrectly written as “Reprinted with permission from Liau et al.’s study”, which should be eliminated. In fact, this schematic figure was originally ordered, prepared for the main article, and published for the first time in *Trauma Monthly*.
